RURAL SOCIAL SCHEME

Rural Social Scheme

Part-time employment scheme for farmers

The **Rural Social Scheme** was set up in 2004 to provide income supplement for low income farmers in return for part-time work in the community.

It is based on a 19½ hour flexible week to ensure your participation does not affect your farming activities.

To qualify you must be in receipt of a means tested payment and provide proof that you are actively farming.

If you are eligible and do not wish to participate on the RSS, your dependent spouse/civil partner/cohabitant can apply in your place. You may also permit a sibling or child to use your Herd Number to participate, once they satisfy the other qualifying criteria.

By participating on the Rural Social Scheme, local communities benefit from your skills and talents by providing additional resources to maintain and

improve local amenities and facilities.

You can also experience opportunities to improve existing or develop new

Care of the elderly
